
Cat With Bite History Addendum

I am aware that the cat I am adopting has a bite history. I have carefully read and reviewed the behavior notes and agree to take on the personal risk of owning a cat with a bite history.

I am knowingly taking on this risk and release APA! from all liability associated with this cat's future behavior. I understand the risks involved with adopting a cat with a bite history. I understand that it is very possible that this cat will bite again. Understanding these risks, I agree to follow the recommendations of APA Staff and Adoption Counselors to help to prevent a bite before it happens by taking proper precautions.

These precautions include, but are not limited to, ensuring that new people go very slow with this cat and give him the time and space necessary to feel secure prior to reaching for him, petting him, or attempting to pick him up. I further agree to seek mandatory behavior training with this cat to build confidence, a bond between cat and owner, and to learn to deal with fear based aggression.
