austin pets alive!

DATE	FECAL SCORE	NOTES

Score 1: Stool very hard and dry. Effort required to expel. No residue left on ground when feces picked up. May appear as pellets. Score 2: Stool firm but not hard. Pliable and segmented in appearance. Little to no residue left on ground when picked up. Score 3: Stool log-like. No segmentation visible. Moist surface. Leaves residue but remains firm when picked up. Score 4: Feces very moist or soggy. Distinct log shape. Leaves residue and loses form when picked up. Score 5: Feces very moist. Distinct shape (piles rather than log shaped.) Leaves residue and loses form when picked up. Score 6: Feces has texture but no defined shape. Occurs in piles or looks like spots. Leaves residue when picked up. Score 7: Feces very watery, flat, with no texture. Occurs as puddles. Leaves residue when picked up.
